### **New Therapist Announced at Shodair Children's Hospital**

(HELENA)--- Shodair Children's Hospital is pleased to announce that Jadin Van Steenvort, MSC, is a new primary therapist on the hospital's Acute Unit.

Jadin received his Bachelor's degree in psychology from Montana State University-Billings in 2003 and his Master's of Science in mental health counseling from the University of Phoenix in 2010. He is currently working toward obtaining his Licensed Clinical Professional Counselor license in the state of Montana.

Jadin completed an internship at Positive Adjustments Substance Abuse Treatment Center in Salt Lake City. After graduation, Jadin worked at First Steps House in Salt Lake City and Intermountain Children's Home in Helena as a therapist.

Jadin's areas of interest include play therapy, family therapy, child therapy, inpatient psychiatric treatment, Collaborative Problem Solving, suicide awareness and prevention.

**-END-**

**About Shodair:** Shodair Children's Hospital provides acute and residential psychiatric care for Montana children and adolescents, and clinical and laboratory medical genetic services to residents of all ages. Shodair is a non-profit, non-denominational facility and the state's only Children's Miracle Network hospital. The medical genetics department at Shodair is the state's medical genetics program, and provides comprehensive services to patients at the Helena campus and in communities throughout the state via outreach clinics.
