### **Shodair Metabolic Geneticist to Speak at July 22 Event**

(HELENA) — Metabolic geneticist Samuel P. Yang, MD, FAAP of Shodair Children's Hospital in Helena, will be the featured speaker at an event for patients or family members of those with Lysosomal Storage Diseases (LSDs), including Gaucher, Pompe, Fabry and MPS1.

The event is set for Friday, July 22 at 6:00 pm at Macaroni Grill in Helena. Dinner is included free of charge; the event is sponsored by Genzyme Corporation. Attendees must RSVP by July 18 by calling Rob Tucker, Genzyme Case Manager, at 1-800-745-4447, ext 16648, or emailing [robert.tucker@genzyme.com](mailto:robert.tucker@genzyme.com).

#####

***About Shodair Children's Hospital**—Shodair Children's Hospital provides acute and residential psychiatric care for Montana children and adolescents, and clinical and laboratory medical genetic services to residents of all ages. Shodair is a non-profit, non-denominational facility and the state's only Children's Miracle Network hospital. The medical genetics department at Shodair is the state's medical genetics program, and provides comprehensive services to patients at the Helena campus and in communities throughout the state via outreach clinics.*

*This project is funded (in part) under a contract with the Montana Department of Public Health and Human Services. The statements herein do not necessarily reflect the opinion of the Department.*
